

Appl. No. 10/762,095
Amdt. dated March 16, 2005
Preliminary Amendment

REMARKS

Consideration of the present application as amended is requested. Claim 4 has been canceled hereby; and claim 21 has been added hereby. The amendments to the claims are made herein for the purpose of better explaining and more clearly defining subject matter that was included and/or inherent in the specification, claims and drawings as originally filed. More particularly, Applicant points out that the subject matter of claim 21 was included at least in paragraphs [0018], [0019] and [0024] of the specification as well as in the drawings as originally filed. Thus, Applicant submits that the amendments herein do not represent new matter. This preliminary amendment has been submitted before action on the merits.

It is believed that claims 1-3 and 5-21 are patentable over the prior art. Entry of this amendment prior to consideration of the application on the merits is requested.

Further, it is not believed that, in connection with this correspondence, any fees are due. However, the Commissioner is hereby authorized to charge any fees not included herewith to Baker & Daniels Deposit Account No. 02-0390.

Respectfully submitted,
